Alright let's get more deeper

PEDOPHILA

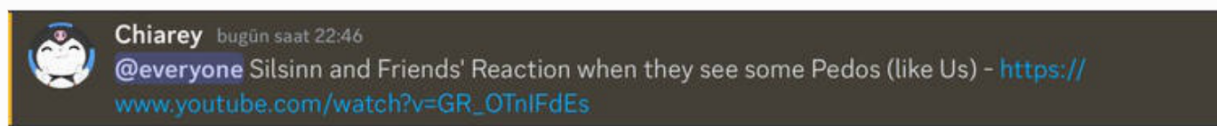

ChaireyChan has send a cheese pizza
lolicon Pic in chat conversations as well as

drawing Cheese Pizza on her own and sending it on discord

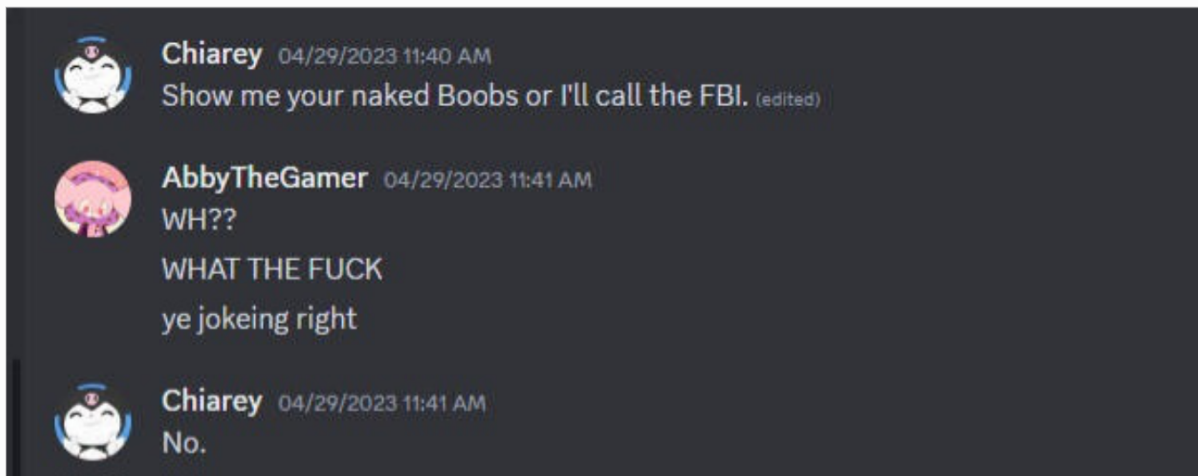

Screenshots from Lukey-0

She even openly admitted to her sending that Pic on discord and

Not only that she asked a minor to show her breast and claiming she is not joking

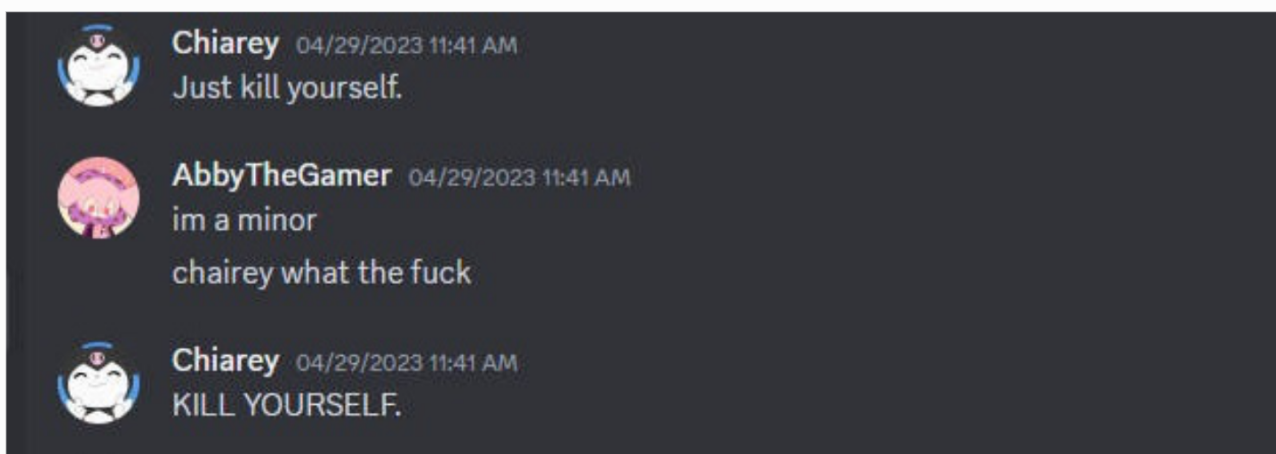

really disgusting behavior of her

And last but not least

DEATH THREATS

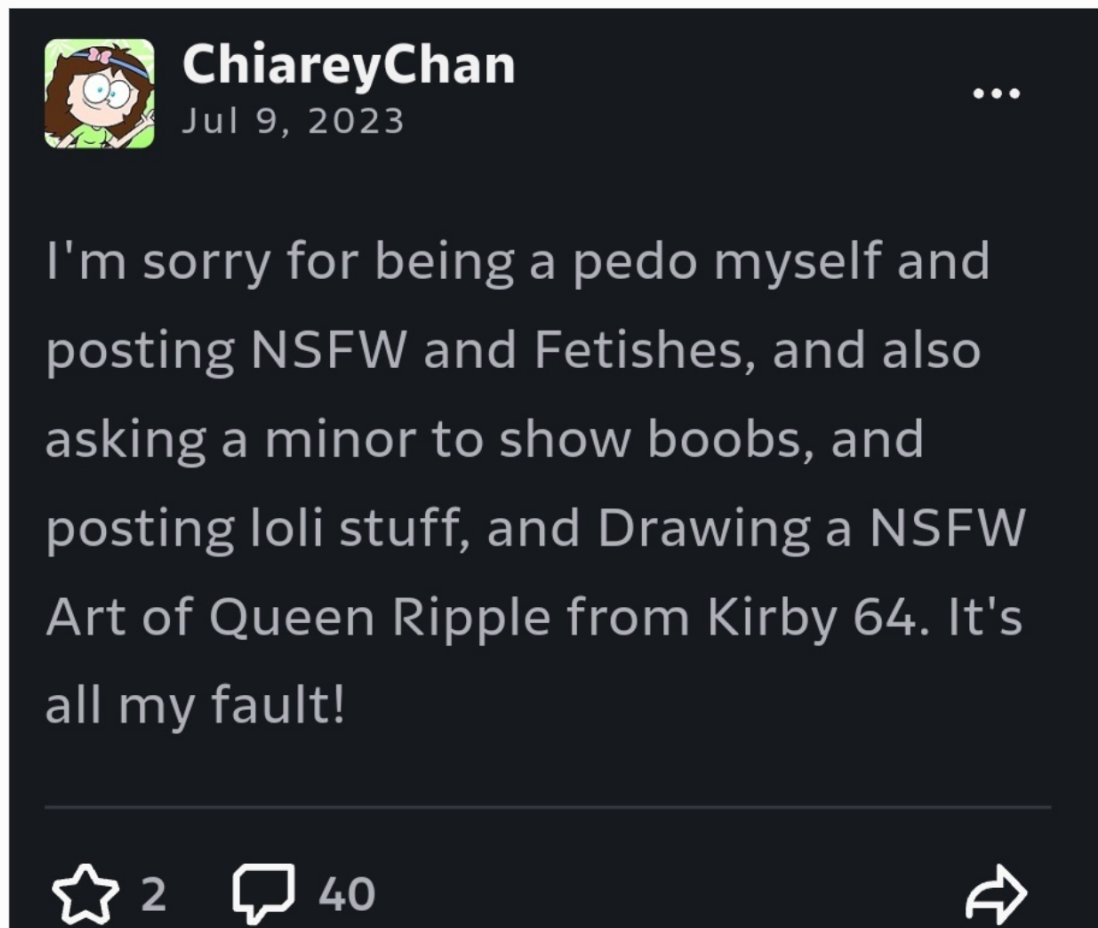

After Chairey asked the minor for her breast, she told the minor to kys themselves

Death Treasts is not going to get her anyway

After all of this she made an apology stating for all the stuff that she did on discord

Screenshot from Febo

Apology isn't going to get your ass anywhere

Conclusion

Over all ChaireyChan is not a good to trust

She wants you to forget the conversation and drama that she did and surprisingly it worked unfortunately

If you're still friends with ChaireyChan please cut ties with her immediately

And if one of her bootlicker don't argue with me

If you have any more screenshots of Chairey please let me know so I can update it
